

# Stop the #1 crime on campus!

## Did you know??...

Every month, 50-80% of all crimes that occur on college campuses involve the theft of unattended and unsecured property...

Simple Theft is usually a crime of opportunity that is committed by "average people" rather than professional criminals.

## What this means...

The vast majority of crime on campus can be prevented with minimal effort. Removing the opportunity to commit an easy theft will usually prevent the theft from ever occurring.

Keeping the campus safe is the responsibility of ALL students, faculty, & staff.

The more the entire campus community works together, the less crime we will have.

## To Prevent Theft...

Keep all personal property either with you or locked away at ALL times!

**NEVER** leave property unattended!

Lock your vehicle and do not leave property visible

Lock your desk, office, etc.

Remember, it only takes a few seconds to steal a laptop, cell phone, or any other small property!

**PLEASE** do not allow yourself to become a target!
